

**FREE SERVICES OF THE BULCHAND FOUNDATION, PUNE (INDIA)**

These sticker magnets are small but very powerful and potent, manufactured to our specification and have been used with miraculous results in eliminating Aches & Pains; they can even stop creating or dissolving the coagulation\* in the body, surprising women on the results on **BREAST CANCER** \*.

For double safety put a strip on the top of the sticker magnet. These can be applied to the affected part until the pain goes away, but not more than one magnet to each side of the body, as per the diagram on the right. If two magnets are applied on the same side of the body it may not be beneficial, but could even bring negative effects. In case of doubt, consult an experienced magneto therapist.

If the affected part has hair, the hair should be shaved off before application. Although the magnets themselves are sticker magnets, it will be better to put additional strip on top, to be on the safe side not to loose the magnet, and leaving it secured. You can have a bath or swim with the sticker magnet & strip on top.

The sticker magnets have been used for people of all ages to eliminate all types of pains including **SPONDYLITIS**. They have also been used by patients who suffer from **HAEMOPHILIA**, one on each knee, with tremendous success. Haemophilia patients who have blisters, can use two round magnets 45mm outside diam. x 22mm inside diam. x 9mm width, also available free from our clinics, applying north pole on one side and the south pole on the other side, breathe, then continue breathing deeply and gradually for a minute, activates the affected part for the second minute, and finally continue the process of breathing and movement and turn the round magnets clockwise for a minute more, and the relief is immediate.

The sticker magnets also help in avoiding “DVT” DEEP VEIN THROMBOSIS, caused by long air travel, and can help dissolve the created clots.

**These sticker magnets are recyclable**, so if you have used one, you can remove it and put it in a different part of the body, putting a new strip on top. When the pain has almost disappeared, remove the magnet, and let the body do its balance healing. Leaving the magnet after the healing is not recommended, and should be removed, as it may cause the skin to harden and even create minor blisters. These heal quickly after removing the magic sticker magnet.

Don't apply sticker magnets on or near the brain, unless you have expert advice from an experienced magneto therapist.

**BREAST CANCER**

\*Some have been able to dissolve tumours both benign and malignant, but malignant tumour patients need other complimentary help See Art 4 on the website, where the food has to be changed. See Art. 21 for change of food.
